

**CANSO Operations and Safety Workshop**  
**Beyond the Pandemic: Collaborating for Safe and Sustainable Operations**

# Regional Perspective

**Loise Mwangi-Njoroge**  
**Safety WG chair**

- The CANSO AFI Safety Working Group was established to provide leadership on ATM safety matters, to support ANSPs in the AFI Region by implementing global best practices and to develop tailored plans and solutions to advance ATM Safety performance in the region.
- Key subgroups with supporting taskforces were established to develop recommendations, policies, strategies and materials across the range of ATM safety issues.
  - Peer Review Mechanism
  - Cyber Security & Resilience
  - Safety Promotion

- SMS training
- Just Culture
- Safety Risk Management
- Fatigue Management
- Safety Performance Measurement
- COVID19 resilience

- Safety Webinars: Improvement in the implementation of the SMS.
- Peer Review missions: Exchange/sharing of good practices, knowledge and assistance for the implementation of SMS.
- Improved Just Culture in the region.
- Dedicated safety training.

- Revive the Peer Review Mechanism and work towards all members achieving level “C” maturity.
- Safety data sharing. Establishment of an AFC3 safety database.
- Volunteers for CANSO’s validation program - SEANS-safety.
- Participation in CANSO global WGs
- Webinars on key safety topics
- Research/collaboration on FRMS

**THANK YOU**
