

CANSO Executive Summit 2022
20 June
Madrid, Spain

CANSO's Executive Summit 2022 is a unique platform for executive leaders and key decision-makers from our member community to meet, exchange ideas and develop new insights as we shape our future skies.

This year's Executive Summit will explore three themes.

- A laser-like focus on the needs of all airspace users
- Sustainability, and CANSO's plans to fast track sustainability efforts in ATM
- The launch of the Complete Air Traffic System Global Council's roadmap to deliver its vision for the sky of 2045
