FOCUS

CANSO is the
global voice of
the air traffic
management
(ATM) industry
and is shaping
our future skies

Members represent

90%

of world air traffic

WHAT WE DO

CANSO overcomes challenges and harnesses opportunities in ATM by

Maintaining a network for global ATM experts

Leveraging global expertise to develop policies, positions and guidance to promote best practice in ATM

Working with regulators, airlines, industry suppliers, airports and other aviation industry stakeholders

Serving as the global voice of ATM and represent the views of Members

HOW WE DO IT

CANSO helps to shape the future of a safe, efficient and seamless airspace by creating a platform for members to:

BE HEARD

By governments, regulators and key stakeholders

BE INNOVATIVE

Showcase how their technology can help the industry and offer new ideas to common challenges

BE ACTIVE

Contribute to industry defining best practice and thought leadership through CANSO events and workgroups

BE INSPIRED

CATS GLOBAL COUNCIL

A unique global forum to shape our future skies

The Complete Air Traffic System (CATS) Global Council is a forum of industry bodies, convened by CANSO which is aligning the industry on how to achieve a fully scalable, sustainable and resilient airspace system that can integrate the ever-growing variety of new airspace users into our skies. The end goal is to safely manage the proliferation of emerging vehicle types, all with different capabilities and operational needs.

Today the Council comprises leaders from over 80 organisations such as IATA, ACI, Airbus, Boeing, Thales, Indra, Frequentis, Wing, Joby aviation, Altitude Angel, NASA, and air navigation service providers from across the globe.

CATS GLOBAL COUNCIL

Progress to date

- The CATS Global Council launched an aligned-upon vision for the skies of 2045
- This was followed by a roadmap of more than 100 actions and goals to deliver on that vision
- A number of work areas have now been established to start delivering on our vision including ATM/UTM integration and a Concept of Operations
- CANSO's work through the CATS Global Council has been endorsed by ICAO who has agreed to align this work with the GANP
