

IDENTIFYING POTENTIAL STRATEGIES

POTENTIAL REGIONAL DEVELOPMENT AND EURO-ASIA INITIATIVES

The establishment of a new cooperation that could:

Enhance common understanding and trust amongst participants

Implement a streamlined decision-making process

Develop a concept of operation for shared strategic goals

Align investment and operational development plans

Establish initiatives and activities, set strategic guidance and targets, monitor results and KPIs, approve mitigation measures and assess outcomes

Foster the exchange of best practice and experience in areas such as air traffic management, safety, security, and environmental protection

These efforts will drive collaboration and ensure effective coordination to enhance the performance and efficiency of air transport within the Euro-Asia region
